

# Letter of Confirmation

June 10, 2026

To Whom It May Concern:

My name is Ulvi Bajarani. I am a Grandmaster, the founder of Azeri Chess Academy LLC, and head coach of Azeri Chess Academy. Our academy provides chess training to youth and junior students in Houston and online across the United States. I am writing to confirm the coaching work performed by Movlan Aliyev for students at our academy.

Mr. Movlan Aliyev has provided online chess tutoring for children and junior players enrolled through Azeri Chess Academy. His work has included live video lessons, game review, opening preparation, tactical training, and tournament support. He has worked with our students in an organized online format and has communicated clearly with both students and parents when needed.

As a coach from the Azerbaijani chess school, Mr. Aliyev understands the level of discipline and structured training that serious young players need. He has been reliable, professional, and focused on long-term improvement rather than short-term results. His online sessions have helped our students stay active in rated play, prepare for scholastic and open events, and build stronger study habits between lessons.

I confirm that Mr. Aliyev has served as an online tutor for youth students at Azeri Chess Academy and that his coaching has been a positive part of our academy program. I support this letter being used to document his work as a chess educator.
