

Position: Business Intelligence Analyst

Employment period: May 2017 · December 2021

To Whom It May Concern,

This letter confirms that Movlan Aliyev was employed by Crocusoft LLC as a Business Intelligence Analyst on-site from May 2017 to September 2018, and subsequently continued as a remote consultant from March 2019 to December 2021, providing support based on his availability with flexible hours.

During this period, he was responsible for translating business requirements into reporting and analytics solutions, designing and maintaining dashboards and management reports, and supporting data-driven decision-making across the organisation. His work included developing and refining SQL-based queries and data models, ensuring consistency and quality of reporting data, preparing analyses and KPIs for stakeholders, and collaborating with business and technical teams to improve visibility of performance and operational metrics.

We found him to be professional, analytical, and reliable, with a strong focus on accuracy, clarity of insight, and timely delivery.

We wish him every success in his future endeavours.
